OBJETIVO GENERAL:

Mejorar o desarrollar la conciencia fonémica. La conciencia fonémica busca jugar con las unidades más pequeñas de las palabras para adquirir habilidades que nos permitan segmentar y mezclar los fonemas para formar sílabas y palabras .

OBJETIVO ESPECÍFICO :Identificar palabras que comienzan por un determinado fonema

DESARROLLO DE LA ACTIVIDAD:

Se le presentan al niñ@ 9 palabras representadas a través de imágenes o pictogramas, de las cuales entre 4 y 6 , contienen el fonema (marcado en la esquina superior derecha) al inicio de palabra. Es decir, el número de palabras correctas oscilará en cada ficha o página entre 4 y 6 palabras.

¿Por qué no ponemos un número fijo de palabras correctas? Porque no queremos que el niño sepa exactamente cuántas tiene que buscar y tenga que prestar así más atención, sin saber exactamente si le queda una , dos o tres palabras que encontrar.

Esta actividad la proponemos de dos formas, coloreando los círculos que aparecen delante de la imagen o poniéndoles un gometz

VARIANTES:

1. Buscar y nombrar sólo las que contienen el sonido de la boca y a continuación el resto.
2. Añadir el artículo delante de cada imagen.
3. Categorías semánticas: animales, objetos, ropa ,estaciones, oficios...
4. Pragmática: qué es, para qué sirve..
